November 2020

Dear Friends:

Did you know that **One in Eight** Museums might permanently close due to the Coronavirus? With your support, we will not be one of them!

As you know, our organization has made tremendous changes in the last 2 years. We were well on our way to becoming one of the premier Museums in Connecticut. Your past generous support, not only monetarily, but also as a champion of our cause, has provided us with the tools and motivation to achieve great accomplishments.

Despite being closed for many months, we have made many exciting renovations to our facility. Visitors to Hungerford can enjoy our new "Animal Discovery Center". This area hosts all new barns, fences, and an extended pasture for our animals, along with a new miniature goat playground, butterfly house, bird of prey cages and turtle pond. Interactive, educational exhibits also complete the experience. In addition, a new 40' x 60' patio is ready for special events, rentals, summer camps, and school programs. Our downtown New Britain Youth Museum is also being transformed into an "early beginnings science center" specifically designed for children ages 2-9.

Right now, we are doing everything possible to sustain daily operations and provide services to our community. Now, more than ever, our community needs us. Moreover, we need you.

If you are able, please consider donating \$25, \$50, \$100 or more. Your support is truly needed during these difficult times. Thank you for being part of our community. Without you, none of it is possible.

With our heartfelt thanks,

Thomas J. Pascocello  
Executive Director
